LET US HELP YOU HELP LOCAL AUTHORS

We offer a suite of free tools designed and built to empower authors who want to get their books into Print and eBook and available globally in online catalogs.

Our staff have spoken at conferences, bookstores, and libraries around the world, helping to instruct and inspire creative dreamers with strategies on how authors can leverage our platform of tools to realize their writing dreams.

If you're looking for content, curriculum, or ideas on programs to help local writers in YOUR community, we would love to work with you to make that happen.

Our teams are spread across the United States and Canada, and it's possible we might even be able to assist with an in person event, leveraging either our staff, or authors local to you that we know and trust to provide value to your creative community.

Please reach out if you are interested in discussing any of these things, or related ideas. I'm sure we can collaborate to come up with something useful.

Email (mark.lefebvre@draft2digital.com) or call (905-973-5136) to discuss.
